► **Attention Aluminum Phosphide Users:** The U.S. Environmental Protection Agency is requiring new restrictions on aluminum and magnesium phosphide products to better protect people, especially children, from unintentional exposures. The new restrictions prohibit all uses of the products around residential areas, increase buffer zones for treatment around non-residential buildings that could be occupied by people or animals, and required posting for specific situations. As always, follow all label requirements.

You may register in person Monday through Friday 1:00 p.m. to 3:00 p.m., excluding holidays at:
